

Grace Renewable Energy Pvt. Ltd.

Corporate Presentation

GRACE Stands For...

Grace Core Values

G **Growth** Our philosophy envisions growth as a universal concept, that represents multiple possibilities and touches all aspects of life.

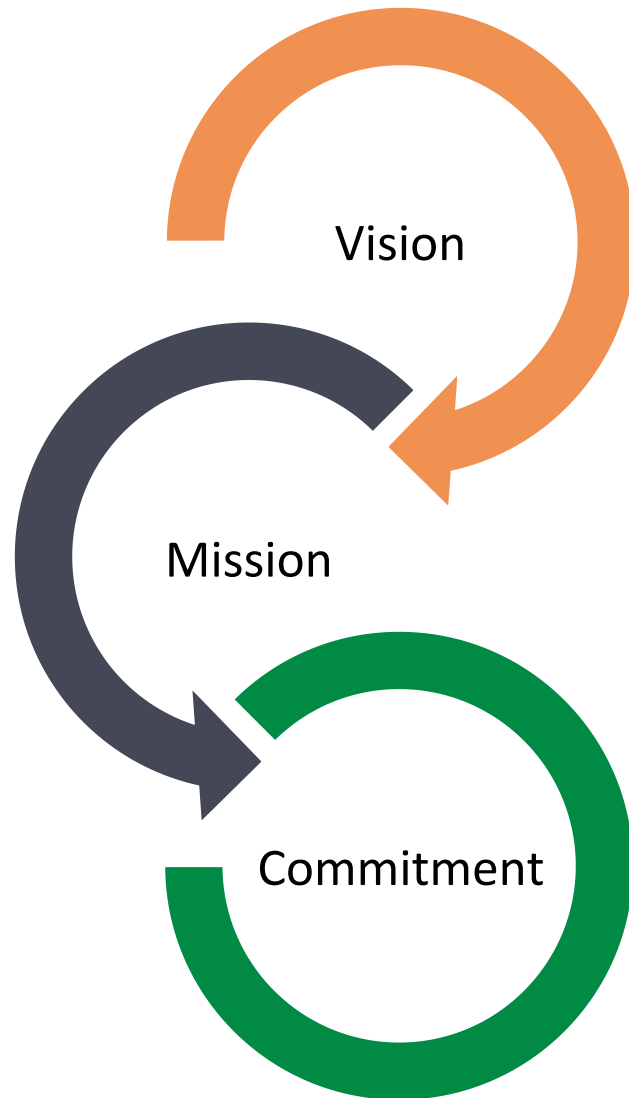

R **Reliability** People inherently value reliability. A core element of reliability is doing what we say we will do.

A **Authenticity** Authenticity is the idea that we celebrate all of the nuances that make each individual on our team and in our portfolio unique.

C **Consistency** Consistent actions will create consistent results. The products & services we provide to our customers, consistency throughout the entire operation is paramount to our success.

E **Excellence /Evolution** Delivering excellence doesn't just happen. Excellence requires constant adaptation, innovation and vigilance in order to achieve successfully.

Our Vision & Mission

“To be the global, innovative and competitive solar energy organization offering complete solutions to its customers for solar energy products and services, in local as well as global markets”

“To be a world class organization providing state of the art products and customized services for solar energy solutions through pursuit of excellence by our team, well-defined processes and driving complete customer satisfaction”

“Excellence in delivered service & Customer Satisfaction”

Our Presence & Strength

75 MW+ of installed Capacity
with strong presence across India & abroad

Prompt Service & Support

Delighted Customers
7000+

Hands on Experience of
7000+ Solar Projects

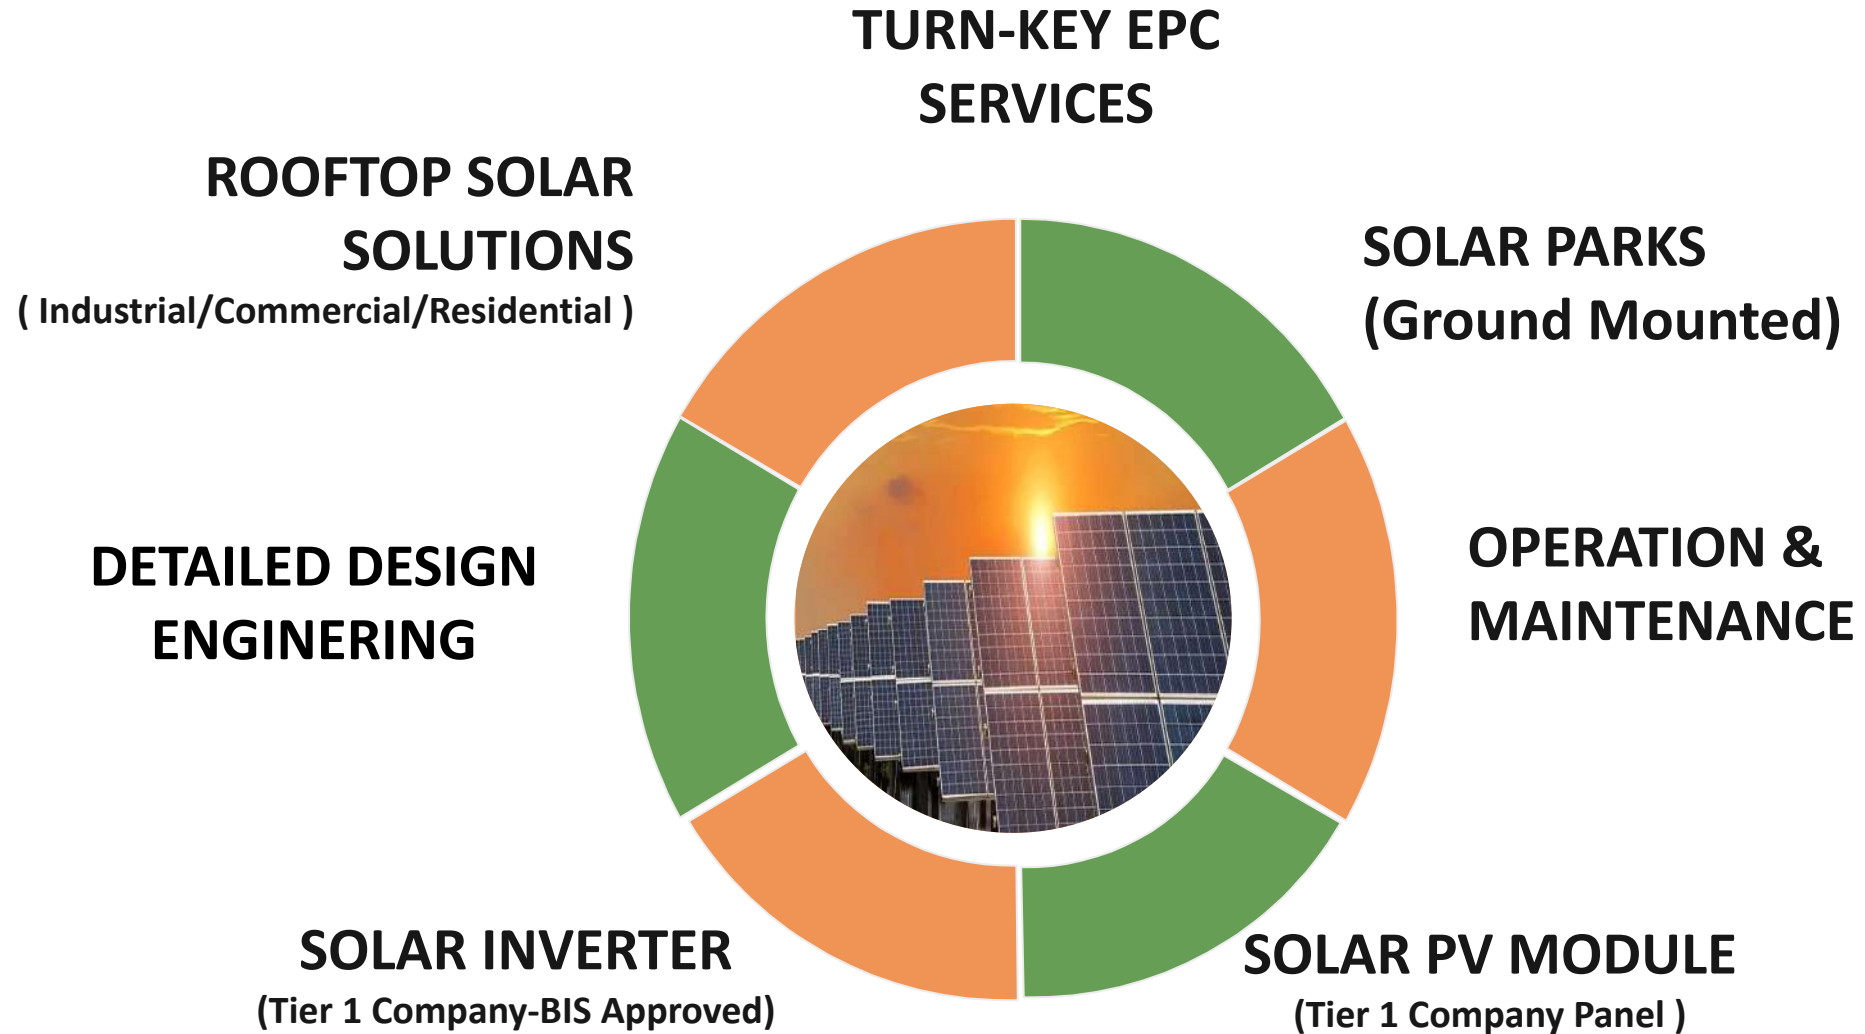

strong engineering support for
Customization

Procurement from
High-Quality standard &
Reputed Brands

Consistent Plant Performance leading to
Customer Satisfaction

Our Presence in Solar Value Chain

Detailed Engineering

- ☐ Preliminary design
- ☐ Energy yield estimation
- ☐ Orientation and tilt of panels
- ☐ Finalization of design
- ☐ Detailed Engineering report

Procurement

- ☐ Preparation of technical specifications
- ☐ Procuring PV modules and components of highest quality standards from Reputed vendors
- ☐ Logistics co-ordination

Installation & Commissioning

- ☐ Site installation
- ☐ Safety co-ordination
- ☐ Commissioning and performance testing
- ☐ All necessary approvals and regulatory compliance

O&M

- ☐ Preparation of operation and maintenance manual
- ☐ Remote plant monitoring
- ☐ Warranty management
- ☐ Corrective maintenance programs

Competitive Edge

Ethical Business Policies

- ❑ We have long-standing commitment to conduct our business in compliance with applicable laws and regulations
- ❑ We pledge to seek high ethical standards in all our operations, everywhere in the world.

Our Global Experience & Partnerships

- ❑ We are the Exclusive Channel partner of leading solar module manufacturing company
- ❑ impeccable track record of **70+MW** performing projects spread across India and abroad
- ❑ Continued exposure to global best practices & technologies ensures superior quality and reliable project execution

Our uncompromising long term approach

- ❑ We offer **Operation & Maintenance (O&M)** services for all projects to ensure high performance
- ❑ We strictly adhere to project timeline to ensure **on time commissioning** of solar plant to maximize return on investment

Integrated Standard EPC solution

- ❑ In-house team with **technical expertise of 25+ years**, we provide customized solutions for each site and location
- ❑ Customer satisfaction is at the centre of what we do and offer end to end solution comprising of best in class equipments without emphasizing on a particular brand

Our Leadership

Mr. Manish Bagadia
MD & CEO

Mr. Manish Bagadia has over **35 years of rich and varied experience** in the field of **Manufacturing, Infrastructure and Power system**. He is widely recognized for his astute leadership in project execution, strategic management, financing. In the past, he has worked in the capacity of President with one of a leading infrastructure and manufacturing company.

Our Team of elite professionals having experience across Solar Designing, Project Management & Execution and Financing has ensured that Grace delivers best in class projects on time. Grace Solar has an in house team of 45 which includes Marketing executive, Design Engineers, Project Engineers, Technicians and other supporting staff.

The team's knowledge and expertise in solar project development helps in delivering customized solutions for our customers with the highest of industry standards

Our Ground Mounted Project -India

**15 MW Solar Power Plant
Surendranagar**

**5 MW Solar Power Plant
- Santalpur**

3.3 MW Solar Power Plant, Nasik, MH

990 KW Solar Power Plant, Ahmedabad

Gujarat - Our Roof Top Project

**4 MW Solar Power Plant
Bareja, Gujarat**

**1 MW Solar Power Plant
Narol, Ahmedabad**

Gujarat - Our Roof Top Project

**1 MW Solar Power Plant
Dahej, Gujarat**

**600 KW Solar Power Plant
Vavol Gandhinagar**

**530 KW Solar Power Plant
Paldi, Kankaj**

**437 Solar Power Plant
Sanad, Ahmedabad**

**418 KW Solar Power Plant
Kadi, Mehsana**

**300 KW Solar Power Plant
Kheda, Gujarat**

Gujarat - Our Roof Top Project

635 KW

Dholka, Gujarat

478 KW

Gujarat

410 KW

Dholka Gujarat

700 KW

Kheda Gujarat

Out Of Gujarat - Our Roof Top Project

**1 MW Solar Power Plant
Burhanpur, Madhya Pradesh**

**510 KW Solar Power Plant
Nashik, Maharashtra**

**1200 KW Solar Power Plant
Indore, Madhya Pradesh**

600 KW Jaipur, Rajasthan

500 KW Rajasthan

International - Solar Roof Top Project

**2.1 MW Solar Rooftop Power Plant
West Africa**

**100 KW Solar Power Plant
FMSI Service Inc.- Indonesia**

40 KW Solar Roofop Plant, Nepal

80 KW Solar Roofop Plant, Madagascar

International - Ground Mounted Ongoing Project

4.2 MW Mali, Africa

Our Roof Top Residential Project - 20 MW

**20 MW Solar Power Plant
(with 6500+ Happy Customer) in Gujarat**

Our Roof Top Residential Project - 20 MW

**20 MW Solar Power Plant
(with 6500+ Happy Customer) in Gujarat**

Accolades & Achievements

- Channel Partner to Ministry of New and Renewable Energy (MNRE), Government of India
- Rated “**SP 2 C**” rating signifying high performance capability & moderate financial strength
- Won ‘**Emerging Company in Rooftop Solar-2019**’ recognized by 8th EPC World, New Delhi
- Won ‘**Solar Roof Series Excellence**’ (Industrial Segment) Award by Solar Quarter Magazine
- Won ‘**Gujarat State Annual Awards**’- 2021 organized by EQ International Magazine.
- Won ‘**Industry Leadership Award**’-2022 (Residential Segment) Award by Solar Quarter Magazine.)
- Won ‘**Gujarat State Annual Awards**’- 2022 organized by EQ International Magazine.

Accolades & Achievements

- Won ‘EPC Company of The Year Residential - SILVER’ organized by EQ International Magazine.-Gujarat Annual Award 2023
- Won ‘EPC Company of The Year Gujarat - SILVER’ organized by EQ International Magazine.-Gujarat Annual Award 2023
- Won ‘EPC Company of The Year Industrial - SILVER’ organized by EQ International Magazine.-Gujarat Annual Award 2023

Mob: +91-9825013358

Authorized Channel Partner Of

Shenzhen Hopewind Electric Co. Ltd.

(Tire-1 Inverters / BIS Approved)

(One of the most competitive electrical companies in new energy area.)

THREE PHASE INVERTERS

- SAFE & RELIABLE**
IP66 Protection & C5 anti-corrosion rating type || SPD, oth DC & AC sides
- HIGH YIELD**
Built-in PID recovery function compatible with bifacial modules 1.1 times contines Output overload
- HIGH-PERFORMANCE MANAGEMENT**
Accurate string current detection smart I/V Curve scan local & remote maintenance
- USE-FRIENDLY DESIGN**
Convenients handle design quickly set up smart monitoring via app

25/33/36/40/50 KTL

The Smartness Is in Choosing Us

- PROVEN SAFETY**
24h real-time AC and DC Insulation monitoring
- GRID SUPPORT**
SCR 1.03 in extremely weak grid
- LOW COST**
Power line communication (PCL)
- HIGH YIELD**
20A Per String Compatible With 500WP+ Module

HSHV 385KW

COMMERCIAL MEDIUM POWER STRING INVERTER

8KTL TO 33KTL

- ▶ Max Efficiency-99.03%
- ▶ DC Input Current-20 A-Compatible With high power module 650+
- ▶ Smart Air Colling
- ▶ Over Voltage & Under Voltage Protection
- ▶ Anti-Islanding Protection
- ▶ Type-2 SPD for AC/DC Side
- ▶ 2 MPPT with DC overload capacity 150%
- ▶ 8k-12k Natural Cooling, 15k-33k Smart Air Cooling

HOPESUN PV SERIES INVERTER

60KW TO 110 KW

- Safe & Reliable :**
IP66 protection for use for Harsh Climate conditions & C5 Anti Corrosion Rating, Type-2 SPD both AC & DC Side
- Hight Rewards :**
Built in PID Recovery Function and DC Input is 20A input current, compatible with 210mm PV modules Night SVG Function
- Hight Performance Management :**
Wide Range of Multiple MPPT RMS with String level monitoring (Bluetooth/GPRS/ rs485) Compatible with DG/Zero Export/WMS
- User Friendly Design :**
Convenience handle Design, 1100 Vtg level Design, plant monitoring via App and GPRS and Hopecloud
